

Supporting Employment in Essex Focus Groups

Do you have a sight loss and are working age?

Tell us what you think about finding and retaining an employed role

Only 27% of working-aged people with sight impairment have employment in our county. We would like to find out about all the issues that cause this and make recommendations for change in our county.

Support 4 Sight is running two focus groups to capture blind and partially-sighted people's thoughts and feelings about finding employment.

If you have sight loss and are aged 18 to 65 years, we want you to tell us your experiences and join the discussion.

Please get in touch if you feel you would like to take part in the groups in December.

- Participants must have sight loss and be of working age
- Participants can be either unemployed or employed

The two groups will take place on **3rd December 2016** (11am and 2pm) at **Broomfield Village Hall, 158 Main Rd, Broomfield, Chelmsford CM1 7AH.**

Lunch and refreshments will be provided and reasonable travel expenses will be paid.

Places are limited and booking is essential. To book your place or find out more, contact us:
